About Us - Vision, Value, Global Capabilities and Contacts

Vision

Chamberlain Hrdlicka is a diversified, tax-focused law firm with attorneys providing value at the highest level of client service. We are a mid-market, multi-service firm with a nationally-leading tax practice. While we have grown over the past five decades to more than 150 attorneys with a wide variety of practice areas, personalized attention to our clients' needs remains a hallmark of our heritage.

We have built our reputation working with established and upcoming businesses as well as entrepreneurs and individuals with sophisticated legal needs. Today, our tradition of personalized service continues to be valued by clients from the smallest start-up ventures to the largest multinational companies.

Value

Over the years, individuals and business entities alike have placed their trust in Chamberlain Hrdlicka for a simple reason: they know they will be represented by highly-skilled and dedicated attorneys who provide a level of sophistication, client service and an unmatched value proposition. The practice of law is an exercise in effective communication, whether it involves clients, their business partners, adversaries, or judicial or administrative bodies. We listen and rely on your views, goals and feedback to help us plan strategies, chart appropriate courses of action and develop effective solutions.

As advocates, we work to zealously protect your interests while facilitating your critical objectives. Whether our charge is as advisors charting a course of action, negotiators reconciling differences to "get the deal done," or as litigators resolving legal disputes or conflicts that require judicial or administrative action, we work tirelessly to attain your goals in an efficient and cost-effective manner.

There is no secret to the success of our firm. Our attorneys possess significant hands-on experience in their chosen areas of specialty, with many holding advanced degrees and board certifications and having backgrounds in the public sector and private industry. However, as capable as we are as individual practitioners, we work even better as a team.

Chamberlain Hrdlicka strives to have such engaging and collegial workplaces that employees refer their friends and colleagues to join us. Based on surveys of our employees, the Atlanta Business Chronicle and Houston Business Journal have included our offices in "Best Places to Work."
