

## Summer Associate Programs

### **Summer Associate Programs**

Chamberlain Hrdlicka hires entry-level associates primarily, though not exclusively, through our Summer Associate Program. Designed for both 1L and 2L students, our eight-week comprehensive program offers valuable work opportunities across a variety of practice areas. Summer Associates gain hands-on experience while collaborating directly with attorneys on substantive projects providing

numerous opportunities for practical learning and valuable feedback.

The program also features a variety of fun and engaging social events such as practice group dinners, team-building activities, local sports events, and community service outreach designed to foster meaningful connections.

In addition to legal work, the program includes professional development presentations, covering topics such as practice management and career growth. These sessions are designed to enhance practical skills and provide insight into the day-to-day life of a practicing attorney.

We are committed to highlighting our culture of excellence and collaboration.
