

Meritas Law Firms Worldwide

Chamberlain Hrdlicka is a member of Meritas Law Firms Worldwide, an international association of more than 200 independent law firms in more than 70 countries.

Every major city in the United States is home to a Meritas affiliate and all of the traditional business centers, as well as many emerging markets worldwide, have affiliate firms. Each member firm includes English-speaking attorneys who have long-standing relationships in their communities and are well-versed in local business, legal and social customs.

Each Meritas firm goes through a rigorous selection process and is thereafter subject to periodic review to ensure continued compliance with selection criteria. Meritas maintains a continuous process of referral satisfaction and feedback, with reports due every 90 days from affiliate firms.

Each referral is assessed for client satisfaction. Firms that do not meet selection criteria on a continuous basis or fall short of Meritas standards on referral satisfaction assessments are subject to losing their affiliation.

Designated contacts with member firms are available to us by both e-mail and traditional communications media. Each affiliate member is responsible to return contacts in not more than 24 hours, and our own experience has been that contacts are almost always responded to on a same-day basis.
