Energy and Maritime

The Energy and Maritime attorneys of Chamberlain Hrdlicka use their skills and unique industry knowledge to advocate for, as well as advance, the interests of our clients in the courtroom, at the negotiating table, in the boardroom, and in all aspects of their businesses. Our Energy and Maritime team possesses significant transactional and regulatory experience, and are well-versed in the dispute resolution process, ranging from mediation and arbitration to litigation and appeals. Our team of experienced attorneys has worked as inside and outside counsel within the industry, with backgrounds and training that complement their practice areas. With that experience, we strive to learn our clients businesses in order to help them grow their businesses, as well as advance their interests.

We have achieved success for our clients in each of the following areas of the Energy and Maritime field. You will find that from negotiating Engineering, Procurement, Construction and Installation contracts, to buying and selling vessels, to assisting in navigating the regulatory landscape, to defending our clients in property, contractual, personal injury, and wrongful death disputes, to advocating for our clients at intermediate appellate courts, as well as the Supreme Court of Texas and the Supreme Court of the United States, Chamberlain Hrdlickas Energy and Maritime attorneys have experience with the issues you face in your business, and are ready to provide excellent representation for equally excellent value.
