

## BLAIR KAMINSKY PRESENTS AT ETHICS IN DISCOVERY PROGRAM

06.26.2019

**N**ew York—Holwell Shuster & Goldberg partner Blair Kaminsky presented at a June 26 Practising Law Institute event on Ethics in Discovery. The program was designed to provide litigators and in-house counsel with an understanding of ethical duties that arise in the course of discovery, including in e-discovery. The event took place in New York and via livestream.

As a panelist, Blair discussed data security issues and best practices in the wake of data breaches, with a focus on the cross-section between data security, e-discovery, and ethics. Blair also shared various insights on the preservation, collection, review, and production of documents, including under relevant rules of professional conduct when engaging in the discovery process.

Additional information on the event, including how to view the program, is available [here](#).
