

FOUR HSG PARTNERS RECOGNIZED IN LAWDRAGON'S 500 LEADING GLOBAL BANKRUPTCY & RESTRUCTURING LAWYERS GUIDE

07.01.2025

New York -- Lawdragon has recognized four Holwell Shuster & Goldberg LLP lawyers on its 500 Leading Global Bankruptcy & Restructuring Lawyers list: Benjamin Heidlage, Vincent Levy, Neil Lieberman, and Michael Shuster.

HSG lawyers have been involved in some of the most contentious bankruptcy and restructuring matters of the past decade. For example, in a case closely watched by the financial community, HSG scored a significant victory for LCM XXII Ltd. and other issuers of collateralized loan obligations in a dispute with Serta Simmons Bedding LLC over its COVID-related refinancing. The ruling has been widely regarded by legal experts, the media, and industry observers as a landmark decision with significant implications for corporate finance and restructuring practices.

HSG served as lead trial counsel for a group of large creditors in a closely watched, six-month trial in Texas bankruptcy court in a case centering on the financing that the supply chain services company Incora received in 2022. The firm also represented Travelport and PetSmart in multibillion-dollar disputes with their respective lenders.
