We concentrate our tax services in the following areas:

- Federal Tax Policy & Advocacy
- International Tax
- Tax Controversies

- Tax Planning & Advisory Services
- Tax Accounting
- Arbitration & Litigation Support

We work closely with our clients to create customized solutions that incorporate their tax, business, and in the case of closely held businesses, estate planning needs. We regularly coordinate our tax advice with planning for benefits and compensation. Our lawyers stay on top of the constantly changing landscape of federal tax law and can notify you of any changes to the tax law that may affect you or your business.

Our firm provides legal advice and services to clients both nationally and internationally. We often serve clients in conjunction with, or instead of, large accounting firms.
