Health & Welfare Plans: What You Need to Know in 2016

Thursday, October 22, 2015 @ 3:00 pm - 5:00 pm (ET)

Live Webcast by The Knowledge Group

"Employers sponsoring health and welfare plans have faced new challenges in recent years in administering compliant plans, particularly in light of the Affordable Care Act, accompanying regulations, and the proliferation of informal guidance by the DOL, IRS, and HHS. At the same time, plans continue to be subject to other applicable laws, including HIPAA privacy requirements and similar state laws, and the ADA and GINA. Moreover, the Department of Labor (DOL), along with the Internal Revenue Service (IRS) and the U.S. Department of Health and Human Services (HHS), is stepping up investigations towards Health and Welfare Plans."

Event Moderator: Robin Solomon (Ivins, Phillips & Barker)

Event Speakers: Spencer Walters (Ivins, Phillips & Barker); Jerry Kalish (National Benefit Services, Inc.); and Alison Fay (Boutwell Fay LLP).

CLE/CPE/CE Credit is available in many states.

Ivins, Phillips & Barker, Chartered has a limited number of free registrations available for clients and friends. Please contact us if you are interested in attending.
