New disability claims rules are taking effect April 1 and may require plan amendments and process changes. These new rules may have gone under the radar because the Department of Labor issued them in the midst of Presidential transition and then subsequently delayed their application.

We have prepared a briefing to help you understand what plans may be impacted and what changes (to plan documents, SPDs, and claims processes) may be required. Please contact us if you have any questions about how they apply to you and your plans.
