Mindy Herzfeld's most recent book, *International Taxation in a Nutshell*, co-authored with Richard Doernberg, is the #1 new Tax Law release on Amazon.com.

Part of West's *Nutshell Series*, the book "provides an introduction to U.S. international taxation useful to both U.S. and non-U.S. students and practitioners interested in the topic," and was extensively revised for 2018 to address changes to the U.S. international tax rules introduced by TCJA, as well as global tax changes brought about by the OECD's project on cross-border tax avoidance.
