

# Robin Solomon Writes About Integration of Lawyers into Corporate Business Units for Corporate Counsel Magazine

## PRACTICE AREAS

Benefits & Compensation

*Corporate Counsel*

January 6, 2020

IPB partner Robin Solomon wrote "Strategies for Integrating Your Legal Department Into the Business Unit," for *Corporate Counsel Magazine*. Based on insights derived from a panel she chaired at the October 2019 *Women, Power & Influence in Law* conference, the article describes how in-house law department attorneys should build relationships with the stakeholders within their corporate business units, offers ways to develop channels of communication and to "train your clients," and provides tips on efficiently allocating law department resources.
