

The CFIUS Annual Report: What Lessons Can Be Learned?

Gurinder J. Singh

April 2013

The Committee on Foreign Investment in the United States (CFIUS) publicly released an unclassified version of its Annual Report To Congress for the calendar year 2011 (Report) in December 2012. While the Report does not disclose detailed information about specific transactions, it nevertheless provides valuable information, especially for foreign companies considering acquisitions in the U.S., as to structuring transactions when involving CFIUS clearance. Gurinder Singh analyzed the Report and detailed how CFIUS identifies transactions to review and how you can prepare yourself in case your deal winds up on its radar.
