

Green Lease Seminar

March 4, 2010

Please join Mark Bennett of Miller Canfield and Nathan Gillette of Energy Finance Analytics. They will discuss the advent of the Green Lease and how it impacts landlord-tenant relationships. Among the areas to be discussed are:

- allocation of expense reductions from efficiency investments
- rights to economic incentives and energy credits available in several states
- rights to install and benefit from renewable energy systems such as roof top solar, geothermal and wind
- responsibility for compliance with state/local green building codes
- sustainability planning and implementation

Agenda:

4:00 PM Cocktails and networking

5:00 PM Presentation
