

## The New Age of Fraud: How to detect fraud in the 21st century

---

May 12, 2010

While the strides made in technology help us in our everyday lives and job functions it has also opened the door to increased risk exposure due to fraud. Topics will include types of fraud facing the financial industry today, asset misappropriation, corruption and fraudulent financial statements and how we can protect against it.

**Agenda:**

8:00 - 8:30 AM
