Webinar log-in information to be provided July 31 to registered attendees

Event Sponsor: Association of Corporate Counsel

Constructing a solid merger or acquisition in today's global marketplace requires a strong foundation of due diligence. Solid environmental footing, real property matters, multi-level government regulatory compliance and economic incentives are necessary to form financial stability for any successful deal. This webinar will walk through a checklist of essential due diligence items that corporate counsel should incorporate in every merger and acquisition transaction. A Q&A session will follow.
