

## **Miller Canfield recognized by the ABA Section of Environment, Energy, and Resources as Top 10 Law Firm**

---

August 5, 2015

The ABA Section of Environment, Energy, and Resources (SEER), the nation's premier organization of environmental, energy, and resource lawyers, announced the Top 10 law firms in its inaugural Regional Recognition Program for six regions of the country. The Top 10 represent the firms, by region, that have the largest number of SEER members.

The Top 10 list reflects those law firms that value networking, resources and opportunities offered to their lawyers by SEER. The list was compiled as of January 31, 2015 based on the ABA's membership statistics.
