Event Sponsor: League of California Cities

ATTORNEYS

Whitney Floratos

RWG attorney Whitney Floratos will present for the League of California Cities.

This workshop introduces municipal clerks to the fundamentals of artificial intelligence and how clerks can use this evolving technology. Participants will gain a clear understanding of what AI is - and what it is not - through plain language explanations and real-world examples. Clerks will discuss incorporating AI into municipal clerk operations and the ethical considerations and limitations of AI in a government setting. This hands-on, interactive session will equip participants with practical strategies for responsibly integrating AI into daily workflows - without needing a technical background. Whether you're skeptical or curious, this workshop will demystify AI and help you determine if, how, and when to use it in the clerk's office.
