

# LITIGATION

Whether you need a full legal team to fight for your company in high-stakes complex litigation or you need an experienced litigator to advise you, our litigators are equipped to handle your litigation and dispute resolution needs.

Our attorneys regularly appear before federal and state trial and appellate courts and agencies, commissions, boards, and other regulatory and administrative authorities. We offer strategic counsel on all aspects of litigation, including the prosecution or defense of discovery, pretrial, and trial proceedings in lawsuits to post-trial remedies and review in appellate courts, along with mediation and other alternative dispute resolution mechanisms.

We also understand financial constraints and collaborate with our clients and in-house counsel to provide cost-effective legal services. Our attorneys regularly utilize cutting-edge litigation support technologies and work with each client to come up with a strategy that meets your business and financial goals.
