

Deborah Getzoff and Meredith Delcamp Speak at Florida Chamber's 35th Annual Environmental Permitting Conference

Marco Island, Florida

7.27.21

Event Sponsor: Florida Chamber Foundation

Deborah A. Getzoff and [Meredith S. Delcamp](#), partners in Shutts & Bowen LLP's Tampa office, recently spoke at separate sessions during the [Florida Chamber Foundation's 35th Annual Environmental Permitting Summer School Conference](#), held July 20-23 at the JW Marriott Marco Island Beach Resort. Also participating in the Shutts sponsored event was Tampa attorney Kasey A. Feltner.

Deborah and Meredith were educational speakers at the event, which is the largest and most successfully attended environmental conference in the state of Florida. On July 21, 2021, Meredith presented on "Emerging Issues in Pollution Liability," discussing case law updates on Section 376.313, as well as emerging issues related to institutional controls. On July 22 and 23, Deborah was course moderator and participated as a presenter in the "Federal Wetlands Permitting Update" session, discussing Army Corps pending litigation, permitting, and mitigation processes. Deborah has been a presenter on various topics throughout the conference's 35-year history.

Founded in 1968, the Florida Chamber Foundation is a business-led, solutions development and research organization, working in partnership with state business leaders to secure Florida's future. The [Florida Environmental Network, Inc.](#) (FENI) is part of the Foundation's ongoing efforts to keep members and organizations informed of environmental and growth management laws and regulations. Each year FENI produces the popular 'Summer School' Conference to engage with engineers, attorneys, consultants, state and local government officials, developers, landowners and others with a strong interest in environmental issues in Florida. The Environmental 'Summer School' Conference featured over 90 courses throughout the event and offered continuing education credits to legal professionals, engineers and licensed environmental professionals.
