*The Palm Beach Post* recently [reported](#) that a proposal to redevelop the Mall at Wellington Green has been withdrawn after the far-reaching development project fell victim to the coronavirus pandemic.

Last summer, Starwood Retail Partners LLC pitched a plan to demolish the former Nordstrom anchor space and use that and the adjoining parking lot space to build multi-family homes, a hotel, restaurants, an amphitheater and sand volleyball courts. The redevelopment would also feature a 3.5-acre man-made, resort-style pool with rental cabanas – Crystal Lagoon.

The proposal request was withdrawn by Wellington village staff citing inactivity on the application.

“COVID single-handedly has derailed this project,” said [Harvey E. Oyer III](#), a Shutts & Bowen real estate partner and Starwood’s agent on the redevelopment project.

Harvey stated that mall owners will be back with a similar plan, which will be a terrific adaptive use for the community.

Harvey also noted that this issue is not unique to the Mall at Wellington Green, adding that every regional mall in the country is working to find new ways to “pivot” and repurpose space.

“It’s just the evolution of the industry,” he said.
