

Shutts & Bowen Listed Among America's Best Small Employers by Forbes

Forbes
7.26.23

Shutts & Bowen LLP is proud to announce that the firm has been listed on *Forbes'* newest list – America's Best Small Employers – defined as companies employing between 200 and 1,000 employees.

Shutts was ranked #13 on the list, among 300 employers in various industries. To compile the list, Forbes partnered with the market research firm Statista, which implemented a wide range of assessment tools. These included anonymous surveys of employees using both targeted access panels as well as open participation from the public; tracking of job-related websites to gauge employer reputation, engagement, retention, benefits and more; and social listening text analysis of news websites and blogs as well as platforms such as Instagram, Tumblr, Twitter and YouTube to assess the company's relationship with its employees.

According to the publication, these methods created hundreds of thousands of data points that were categorized and combined into a total score. From an initial pool of 10,000 businesses, the 300 companies with the highest scores made it onto the final list.
