IP STARS, a leading intellectual property (IP) specialist guide, annually ranks outstanding practitioners worldwide in their respective fields. According to *Managing Intellectual Property Magazine*, the research for selecting IP STARS covers contentious and non-contentious IP work and is carried out by an experienced team of research analysts and journalists in offices in Hong Kong, London and New York. The guide's global research analysts obtain information from thousands of firms, IP practitioners and their clients through interviews, email and online surveys, and conduct their own independent research, including an analysis of publicly available information, such as court or IP office data.
